The Cheapest, Purest and Best Family Medicine in the World!

For DYSPEPSIA, CONSTIPATION, Jaundice, Bilious attacks, SICK HEADACHE, Colic, Depression of Spirits, SOUR STOMACH, Heartburn, etc. This unrivaled remedy is warranted not to contain a single particle of MERCURY, or any mineral substance, but is PURELY VEGETABLE.

containing those Southern Roots and Herbs which an all-wise Providence has placed in countries where Liver Diseases most prevail. It will cure all Diseases caused by Derangement of the Liver and Bowels.

The SYMPTOMS of Liver Complaint are a bitter or bad taste in the mouth; Pain in the Back, Sides or Joints, often mistaken for Rheumatism; Sour Stomach; Loss of Appetite; Bowels alternately constipated and lax; Headache; Loss of memory, with a painful sensation of having failed to do something which ought to have been done; Debility; Low Spirits, a thick yellow appearance of the Skin and Eyes, a dry Cough often mistaken for Consumption.

Sometimes many of these symptoms attend the disease, at others very few; but the LIVER is generally the seat of the disease, and if not regulated in time, great suffering, wretchedness and DEATH will ensue.

The following highly esteemed persons attest to the virtues of Simmons' Liver Regulator:

Gen. W. S. Holt, Pres. Ga. S. W. R. R. Co.; Rev. J. R. Felder, Perry, Ga.; Col. E. K. Sparks, Albany, Ga.; C. Masterson, Esq., Sheriff Bibb Co., Ga.; Hon. Alexander H. Stephens, U. S. Sen. Ga.

"We have tested its virtues, personally, and know that for Dyspepsia, Biliousness and Throbbing Headache it is the best medicine in the world ever known. We tried for other remedies before Simmons' Liver Regulator, but none gave us more than temporary relief; but the Regulator not only relieved, but cured us."

MARK HANNA'S PLAN.

Country Dealers Threatened With Bankruptcy and Credit is Refused

Documentary Proof in Hand.

Chicago, Ill., Sept. 13.—Circular letters from Republican national headquarters are in possession of the Democratic managers, showing that Mark Hanna, with the cooperation and connivance of large manufacturing and mercantile firms in the cities, will not hesitate to utterly destroy and bankrupt country merchants who refuse to support McKinley and the gold standard. These circulars not only call upon traveling men to "place themselves in touch" with Republican national headquarters, but also contain instructions to traveling men who to operate upon the fears of country merchants.

They are instructed to inform country merchants that if Mr. Bryan is elected there will be a general panic throughout the country; all business houses will close; all country dealers who have outstanding accounts will be summarily closed up, and that universal bankruptcy will prevail. They are also instructed in many instances to refuse credit to country merchants who are supporting the silver cause.

Positive information to this effect has reached Democratic headquarters from more than a dozen towns in Illinois. This circular letter from national Republican headquarters has in many instances been reinforced by letters of instructions from large business houses in Chicago to their traveling men on the road, informing them that if they do not carry out the instructions from Republican headquarters and work for McKinley and the gold standard their services will be dispensed with.

Two travelling men employed by Chicago business houses personally reported at Democratic headquarters that while they are for Bryan and free silver, they are compelled to canvass for McKinley or lose their jobs. One of them showed a letter written by his house—one of the largest hardware firms in Chicago—stating that if he refused to work for McKinley among his customers he would be discharged. This man is an ardent Bryan man. These commercial men have informed merchants in several towns in Illinois that they could no longer receive credit unless they came out for McKinley and the gold standard.

The result of this general terrorism and bulldozing has been to stop the sale of goods and create stagnation of business throughout the country towns. Some of these commercial men have privately stated that they are making this disreputable kind of campaign just for the money that has been promised to them by Mark Hanna. They are getting \$49 a

week in addition to their regular salaries and commission from their houses. It is a part of their duty to talk panic and bankruptcy at the hotels where they are stopping in country towns. In many of these towns they have admitted that they are making this talk for money. It is also a part of their duty, as instructed by Mr. Hanna, to make glowing representations concerning the "wane of the silver movement;" that the business men are solid for McKinley, and that in all localities there will be overwhelming majorities for McKinley.

A careful canvass of the country merchants for the State, furnished the National Headquarters by reliable traveling men, shows that three-fourths of the country merchants and small business men throughout this State, and also other Western States, favor Bryan and free silver coinage; notwithstanding the daily reports being sent to the National Republican Headquarters that country business men are solid for McKinley.

TO RAILROAD EMPLOYEES.
A. R. U. Directors Denounce Gold Standard Coercion and Declare for William J. Bryan.

Terre Haute, Ind., Sept. 13.—The directors of the American Railway Union to night issued an address to all members of the A. R. U. and to all railway employees in the United States denouncing the coercion of railway employees to join McKinley gold standard clubs, and calling on all wage earners to vote for Bryan. The address is signed by Eugene V. Debs, James H. Gan, Sylvester Kelliher, William E. Barnes, R. M. Goodwin and M. J. Elliott.

The address says that the coercion practiced is of momentous import, describes the method practiced as "astounding," says the roundhouses, depots and shops have temporarily been converted into political wigwags, and that employees are intimidated to join these gold standard clubs by the railway managers.

"We know of many instances," says the address, "where employees are plainly given to understand that their continuance in service depends on their supporting the gold standard candidates. The country stands amazed at such bold and shameless intimidation."

The address declares that it is not free silver alone that has enraged this railroad Moloch, but the attack in the Democratic platform on government by injunction. This, it says, is the milk in the coconut. The
